

## Full System Flow (With Admin Access to All)

pgsql

Copy Edit

### Admin Panel

- Creates Shared Models:
  - Lead.js
  - Enquiry.js
  - ✓ With `partnerId` field

### Adds Partners

Partner Account Created (partnerId = xyz)

Partner Logs In

JWT includes partnerId: xyz

Partner Dashboard Loads

Can Add Users (sales, pre-sales, etc.)

These users can Add Leads/Enquiries

🔒 Backend automatically stores `partnerId: xyz` in each record

✓ Leads/Enquiries only visible to same `partnerId` users

### Admin View (Analytics/All Data Access)

- View all Leads → `Lead.find()`
- View all Enquiries → `Enquiry.find()`

### Partner Panel
