INTERNSHIP EXPERIENCE

Brandsmashers Tech Software Developer Intern

10/2024 - 02/2025

Bhopal

- Developed and optimized frontend components using React.js, Next.js, and Tailwind CSS for dynamic interfaces.
- Integrated backend APIs using Node.js and Express.js, improving system efficiency.
- Built an **AI-powered resume builder** with **GPT integration**, PDF export, and responsive design.
- Collaborated with **Agile teams**, using **Git/GitHub** for version control and project delivery.

PERSONAL PROJECTS

Task Management System (04/2025 - 04/2025) [🔗](#)

- Developed a full-stack task management application using **React.js** for the frontend and **Node.js/Express.js** for the backend
- Implemented user authentication and successfully stored user data and tasks in MongoDB
- Created features including task creation, categorization, priority setting, deadline management, and status tracking
- Built a responsive UI using React bootstrap and styled with Tailwind CSS

OrganicMart Website (03/2025 - 03/2025) [🔗](#)

- Developed a fully functional and responsive organic mart e-commerce website using React for the frontend.
- Integrated Bootstrap and Tailwind CSS to create a clean, modern UI with seamless mobile responsiveness.
- Implemented a JSON-based backend to simulate a database for dynamic product listings, cart features, and user interactions.

Brandsmashers Tech Task(Next.js, Tailwind CSS | AI-assisted Development) (10/2024 - 10/2024) [🔗](#)

- Developed a responsive web application using **Next.js** and **Tailwind CSS**, with modern design principles.
- Implemented logic to **validate Google Drive URLs**, ensuring users input only valid and accessible links.
- Completed the project with the help of **AI tools like ChatGPT**, showcasing effective use of AI for faster problem-solving, code generation, and optimization.
